SUMMARY

Direct Second Year B.Tech Computer Engineering student at R. C. Patel Institute of Technology, Shirpur, with a Diploma in Computer Engineering from S.M.D.R. Government Polytechnic, Dhule. Hands-on experience in Python, Django, HTML, CSS, JavaScript, React.js and SQLite through internships and academic projects. Interested in web development and eager to learn new technologies and develop strong problem-solving skills through real-world projects.

TECHNICAL SKILLS

Programming: C, C++, Python, Java, JavaScript **Web:**
HTML, CSS, JavaScript.
Backend / Frameworks: Python, Django Framework
Database: SQLite3, SQL, MongoDB (academic/project exposure)
Core: OOP, DBMS, Data Structures, Computer Networks, Operating Systems **Tools:**
Git, GitHub, VS Code, MS Excel

PROJECTS

Smart Nursery Plant Recommendation System | HTML, CSS, JavaScript, Python, Django, MongoDB

- Developing a web application that recommends nursery plants based on user preferences and growing conditions.
- Provides recommendations with plant descriptions and care information.

Historical Places Recommendation System | HTML, CSS, JavaScript, Python, Django, SQLite3

- Developed a web application to explore and recommend historical places across Indian states and categories.
- Implemented search, photos, map directions, reviews/ratings, user profiles, guide booking, payment-success flow and an admin panel.

INTERNSHIP / PRACTICAL TRAINING

Python / Web Development Intern – Passion Software Solutions, Jalgaon. 2023

- Worked with Python, Django, HTML, CSS, JavaScript and SQLite3.
- Developed a Nursery Plant Management System as a practical internship project.

EDUCATION

B.Tech – Computer Engineering (Direct Second Year)
R. C. Patel Institute of Technology, Shirpur (Autonomous) 2026 Present

Diploma – Computer Engineering
S.M.D.R. Government Polytechnic, Dhule | Completed 2026 | 93.29%

SSC (10th Standard)
Muktangan Education Campus School, Borkund
Percentage: 94%
